

PPT ULTRALUX

The best shock absorbing material in the orthopaedic market is now also available with a suede lining fabric. By combining PPT with a covering material it can be used directly in the production of your insoles or shoes which will save you time. Furthermore, the wear and tear resistance of PPT is greatly improved by combining it with this coating material.

		1 skin/black	2 light blue/dark blue
16	1,6 mm	P829	P609
